Veterinary Emergencies

At **Town & Country Veterinary Group** we believe in being there for you and your pet, 24 hours a day, 365 days a year. You will **NOT** be put through to a vet at an external company that is not familiar with you or your pet. This means that continuous care can be given to your pet by people you know and who know your pet. We will have all clinical history immediately available at all times. You will always be seen by a **Veterinary Surgeon** from **Town & Country**.

Welcome

At **Town & Country Veterinary Group**, we've designed our **Premier Health Plan** so that you as a pet owner can ensure your pets receive the very best quality preventative treatments, through a simple monthly direct debit. The concept of spreading the annual cost of household bills is a regular and well recognised feature of our daily lives – why should the essential preventative treatments for your pet be any different?

Extra benefits of the plan include discounts on many other products and services at the practice. Talk to one of our team for more information and sign up by completing a simple form.

Our pet care plan offers:

✓	Regular checks and maintenance of good general health for your pet
✓	Top quality licensed medication

Prevention is better than cure!

Our practice membership scheme has been set up to enable you to spread the cost of routine preventative health care. This allows us to provide you with the support you need to keep your pet fit and healthy year after year. It allows us to administer the appropriate vaccines, wormers and flea treatments at the correct time with minimal financial impact to you, the owner.

In addition, a thorough clinical examination allows us to carefully assess the general health of your pet and offer advice, support and treatment planning, which in many cases can prevent problems arising in the future.
